

CAP SELLWISE PRO 9 NEW STORE CHECKLIST- STATION 2+

Make sure the steps below are completed before continuing your install

- Turn off all 'UAC' (User Account Controls) if using Win 7/8/10 Pro
- Make sure all stations have a Windows Username and Password assigned
- Map a Drive to your Server PC
- If using Windows 10, add administrator permissions to default user account
- Make sure Windows Media Player is installed if using WEPOS or POS Ready
- If using Windows 10, verify that all devices/peripherals have signed Windows 10 Drivers and that you have appropriate documentation for installation
- Install and configure OPOS Drivers for any printers and cash drawers where applicable
- Install and configure OPOS Drivers for all other peripherals example (displays, scales, etc.)
- Install Windows default printer and share this printer if needed
- If using WEPOS, download latest Microsoft .NET framework from the internet

Use the link to access all downloads at www.capretail.com/downloads.htm

- Use link from CAP downloads site and download the SQL Express 2012 and Tools version for your PC
- Install MS SQL Express 2012 and Tools software on your PC
